Work Experience

"While I have not yet acquired experience in IT companies, during my bachelor's education, I engaged in a pivotal role at **Robotics World**, a software house, during my 7th semester, dedicating three months to web development using the MERN Stack. Situated at IT Park, Mezzahil Chok, Mansehra Road, Abbottabad, this experience honed my skills in a real-world setting. Additionally, I actively contributed to the **character-building society** at my university, fostering personal development. Moreover, as a member of the **Software Society** within my department, I orchestrated diverse events during the student week, including coding competitions, IQ tests, and engaging games such as chess and ludo, cultivating a dynamic and enriching environment."

EDUCATION

2016-2018 | Pakistan, Abbottabad

Matriculation Certificate / (SSC)
